Dear Colleague

ECO publishes a new version of the IRAN List

The Export Control Organisation (ECO) has published a new version of the Iran List. This list is dated 25 May 2011.

The new entities added to the list are as follows:

- Ardakan Glass
- Arya Sasol Polymer Co
- IVO Laboratory at Golmakan
- Shahrekord Cement Industries
- Tabriz Oil Refining Co

The Iran List is published at:

<http://www.businesslink.gov.uk/bdotg/action/detail?itemId=1084710701&type=RESOURCE>

WHAT IS THE IRAN LIST?

This is a listing for entities and organisations in Iran which is made publically available by the ECO in order to help exporters judge which exports might be of concern for End-Use Control reasons.

ECO ADVISORY SERVICES

If you are considering a transaction which involves an entity on the list in any capacity it is advisable to either:

- as of Monday 6 June 2011 to make an End-User Advice Service request via the SPIRE export licensing database - <https://www.spire.bis.gov.uk>. This service is only available if you already know that your goods are NOT listed on the UK Strategic Export Control Lists.

- until Wednesday 1 June 2011 when the service will close, you can continue to use the Iran End-User Email Advice Service. To submit an enquiry until this date, you need to complete the advice form - <http://www.bis.gov.uk/assets/biscore/eco/docs/forms/end-user-advice-application.doc> and email to ECO at ecoiranenduser@bis.gsi.gov.uk

If you do not already know if your goods are listed on a Control List, your first step should be either to 'self-rate' or (as of 6 June) you can make a Control List Classification Advice Service request via SPIRE.
